

# AN INVITATION TO PARTICIPATE ...

## ...In Designing Your Community

Independence is participating in the 2010 Community Visioning Program. Iowa State University is gathering information from community members to learn where the most important places are within Independence.

The goal of this project is to develop a landscape plan that will graphically illustrate the vision of Independence. Your input about the valued places in Independence is an important part of this process and your ideas about community design and enhancement are valuable to the Independence visioning committee.
